**Subject:** RE: Draft FY2007 equipment list

Leo,

Can you please add the equipment that we just cut from the BT base grant: incubator (5000), pipette system (42,000) and PFGE module (25000).

Thanks,  
Mariah

Leo-  
Attached is the draft FY2007 equipment list for 4516-1000 your requested. several areas have not replied (probably due to the last minute email I sent). So this should be considered a very rough draft list. Thanks.....kathy

**Subject:** Draft FY2007 equipment list

We're trying to develop a draft equipment list to place on the FY 2007 State Lab account budget (4516-1000). I've compiled items that weren't bought from various FY2006 equipment lists. Review, update, add, delete items for your areas (item, estimated cost, and justification). Unfortunately since time is very short, please return your replies by close of business June 20 (Tuesday). Thanks.....kathy
